1	2= Applicant will undertake alternative actions in lieu of compliance with the rule to ensure that granting of the variance will not be adverse to public health, safety, or welfare. Explain why alternative actions would be adequate (be specific).	
Facts:	Building has been in place as a rental for more than 20 years. The window egress does not pose a hazard to the public as it is not in a public area.

Υ	Imposition of the rule would result in an undue hardship (unusual difficulty) because of excessive costs of additional or altered construction elements.	
	Imposition of the rule would prevent the preservation of an architecturally or a historically significant part of the building or structure	
Facts:	If window size is not granted a variance, replacing windows in the multi unit structure, at a cost of at least \$300 per window (up to 8 windows per unit) would be an undue hardship on the owner, especially given that these windows have passed multiple inspections in the buildings history as a rental.
